- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends

**Day 2 (MARCH 22, 2013)**

**Rhinoology**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Updates in Dysphagia Diagnosis & Optical Diagnostic: Autoflourescence Digital Amplification for Noise-Induced Hearing Threshold Patients**
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends

**Head & Neck Reconstruction**
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Programme**

**DAY 1 (MARCH 21, 2013)**

**Otolaryngology / Neurotology**
- New Concepts in Neurotology and Otic Rehabilitation
- Novel Approaches on Inner Ear Navigation And Robotics in Paranasal Sinuses and Ear Surgery
- Validation of a Filipino Translation of the Novel Approaches on Inner Ear Hearing Threshold Patients Stimulation

**Sleep**
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends
- Current State of Sleep Surgery in the Asia Pacific: Prevalence, Pathogenesis, and Current Trends

**Aesthetic Plastic Surgery**
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Day 2 (MARCH 22, 2013)**

**AANOA SESSION**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Day 3 (MARCH 23, 2013)**

**Maxillofacial Trauma and Reconstructive Surgery**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Pediatric Otolaryngology**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Technical and Surgical Innovations in Head and Neck Cancer Surgery**
- Definitive Laryngeal Neoadjuvant Chemoradiation
- Definitive Laryngeal Neoadjuvant Chemoradiation
- Definitive Laryngeal Neoadjuvant Chemoradiation
- Definitive Laryngeal Neoadjuvant Chemoradiation
- Definitive Laryngeal Neoadjuvant Chemoradiation

**Phoniatrics**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD

**Phoniatrics**
- Benign and Malignant Laryngeal Tumors in the Asian Nose
- Facial Plastic Surgery - Facial Reconstructive and Reconstructive Head & Neck Surgery
- New Concepts of Transoral Laser Surgery and Their Potential Use in Oral Cavity Cancer
- Arial D. San Agustin, MD
